

I would like to explain what I feel inside. My insides are turning/twisting everyday, my suffering, the tears in my eyes are ongoing. Everyday I can not sleep with the pain I feel for my daughter Julaine, who was not only my daughter, but my mother, my sister and my best friend.

You took the life of my only daughter, my unique, beautiful Julaine. You left me to feel pain and suffering everyday.

Although you killed my child, I feel like you have had all the power, all the say but today I want to tell you what I think about you.

I pray for you every day for the suffering you gave me, the life sentence you have given me. The suffering, hurt and pain you have left my husband, my sons, my family, my friends and all those who love Julaine. You have left us broken with tears in our eyes everyday.

Today I can barely walk, since you took my daughter from me, my heart is no longer the same, you killed a part of me when you took my daughter. I can not feel love like I use to, I may smile on the outside but inside I no longer have the ability to feel joy.

I can no longer share joy or happiness with my husband, we are like roommates, he no longer laughs anymore. None of us are happy in our hearts anymore. See when you kill a person and take them from their family you kill the entire family, as a family we will never be the same, we can never be whole without Julaine.

For me it is as if you have cut off my two hands, my two feet my two eyes, I can't see or barely walk or feel with all the pain and suffering I carry everyday.

I came to America from Haiti for a better life for me and my children. I gave up on furthering my education and focused on getting several jobs here to make a better life for my children. My husband worked hard as a taxi driver and I worked as a housekeeper, often working several shifts to put our children in the best private schools so they would have a great education and make a better life for us all.

Today I want you to know you took that from me.

You killed my child, you mistreated her, you put her in a bag, you threw away like garbage treated her worse than a dog. Here in the US dogs are treated better than you treated my child. Dogs here have doctors they have rights, you took my daughter's right to live.

I pray for you everyday so that God changes your heart. I pray for your friends and family everyday too.

Thank you.
